

# Larry Fairman

Larry Fairman joined our board in June 2020, invited by his longtime friend, Sidney Wells. He immediately became passionate about the vision of LPFLA, contributing significantly to our marketing efforts and board recruitment.

Larry's enthusiasm was evident, and he brought many high-quality individuals to our team, including Darrin Finley, Darryl Willie, Fred Franklin, Robert Arnold, Brian Sexton, David Emanuel, and Sissy McQuaig. As Lonnie, our CEO, would say, he recruited "like his hair was on fire!"

In an email from 2020, Larry wrote, "God is truly present in this work. The story and the funding will continue to grow as it should. And young men... and all of us... will be winners." Larry is a winner in every sense!

LPFLA will honor Larry's contribution and legacy by establishing a scholarship in his name.
